

ANDREW BOURNE & CO

The Sign of Quality Insurance

Covering all the bases for the construction industry

Construction industry insurance from Andrew Bourne & Co

According to the Health & Safety Executive, "One third of all work fatalities occur in the construction industry - and 70% of these fatalities could be prevented with the correct health and safety precautions."

Whilst construction insurance can't prevent an accident occurring, it can help you deal with the aftermath. Because construction insurance needs to cover so many activities across a diverse set of businesses, often at third party premises using sub contract or casual labour, it can be tricky to get the right insurance for your needs.

Andrew Bourne & Co has many years of experience in advising construction companies on the right level of insurance for their needs - from large nationals to individual tradespeople. We can arrange a policy to suit you, from insuring equipment through to covering for the liabilities attached to performance of contract.

We can arrange competitive policies offering protection for:

- **Contract works**
- **Own plant**
- **Hired in plant**
- **Employees' tools**
- **Liabilities and contract conditions**
- **Health & safety support**
- **Claims management**
- **Risk management**

Let us take care of your insurance so you can take care of business.

Authorised and Regulated by the
Financial Services Authority

"Andrew Bourne & Co provides the quality of personal service that is very hard to find nowadays."

Paul Brant, Principal
Paul Brant Plumbing & Heating
